翻译: Despite better nutrition, living conditions and medical care, our longevity cannot keep extending forever.

*全盘语法划分:

[Despite better nutrition, living conditions and medical care](让步状语), [our longevity](主语) [cannot keep extending](谓语) forever(状语).

*分析:

1.虽然营养条件、生活环境和医疗水平提高了

Despite better nutrition, living conditions and medical care,

1)你可以写成用 although 来引导一个从句, 不如 "despite+名词结构"

来的简洁地道

- 2) 动词名词化: "A 提高了"就是 "better A"
- 3) 营养条件、生活环境、医疗水平: nutrition, living conditions and medical care
- 2. 但是人类的寿命不会无限延长。

our longevity cannot keep extending forever.

- 1) 寿命: longevity
- 2) 无限延长:转化成 "保持永远延长" keep extending forever
- *最后再对照学习一下:

原文:虽然营养条件、生活环境和医疗水平提高了,但是人类的 寿命不会无限延长。

翻译: Despite better nutrition, living conditions and medical care, our longevity cannot keep extending forever.

重点收获:

- 1) despite+名词结构 的句型:尽管...
- 2) living conditions: 生活条件
- 3) medical care: 医疗水平
- 4) longevity: 寿命

5) extend:延长、延伸
