第 178 弹

原文:考试制度常常制造出"高分低能"的人。

翻译: The examination system often produces people with high marks but poor abilities.

*全盘语法划分:

[The examination system] (主语) often produces (谓语) people (宾语) [with high marks but poor abilities] (后置定语).

*分析:

1. 考试制度

the examination system

- 2. 常常制造出 often produces (注意此动词形式和主语的单复数保持一致)
- 3. "高分低能"的人 people with high marks but poor abilities.
- 1) 先写"人","高分低能"很显然是一个比较复杂的定语,我们应该后置
- 2) "高分低能" = "分数高, 能力差", with high marks but poor/low abilities (这里应该用复数, 表示 "各种能力" 都不行)

*再总体复习一遍:

原文:考试制度常常制造出"高分低能"的人。

翻译: The examination system often produces people with high marks but poor abilities.

重点收获:

- 1) The examination system: 考试制度
- 2) people with high marks but poor abilities: "高分低能" 的人
